## #83413

### SUEHIRO SHARPENING STNE FIXR 1B005 #100 GRIT

Package: 20/1

Dimensions: 21 x 6 x 3.3 cm h.

Material: synthetic stone

*"This stone fixer is suitable for flattening stones as coarse as #100 grit and up to #2000 grit. The stone fixer often comes with rough edges, so it's recommended to first flatten a coarse stone, use coarse sandpaper or a metal file on the edges, or rub it on the sidewalk."*
